TEMPORARY CLOSING

Arbor Dental Associates will be temporarily closed for the next two weeks beginning on Tuesday March 17, 2020 through April 1, 2020 due to the Coronavirus / COVID-19 outbreak for the safety of our team members, our patients, and our surrounding community.

Your family's health is our number one priority! We want you to make the best decisions for your family's wellness and safety. Arbor Dental Associates is helping your family decrease its risk of exposure to the Coronavirus.

Our office will be seeing emergency patients by appointment only at the present time. Our phone lines will be open from 9am - 2pm to patients of record if a dental emergency does present itself and you need to be seen.

We apologize in advance for any inconvenience this might cause you, but your safety and well-being is our top priority. Dr Chris will be monitoring the CDC, ADA and MDA websites for further guidance through this difficult time.

We look forward to serving you in our full capacity very soon. Keep visiting our FB/webpage for updates as the situation changes.

Yours in dental excellence,

Dr. Chris and Staff
